AgeWell Services Plans Senior Curbside Meal Distribution

MUSKEGON, Mich. – AgeWell Services of West Michigan and Grand Rapids YMCA’s Veggie Van continue to provide Senior Curbside Meal Distribution During COVID-19 Outbreak with support from Senior Resources and Muskegon County Senior Millage.

AgeWell Services of West Michigan and Grand Rapids YMCA’s Veggie Van are continuing their work together along with various community partner locations to provide meals to seniors aged 60 and over in Muskegon and Ottawa Counties. Various dates and locations from May 5 – May 14 from 12:00 to 2:00pm.

Meals will be served to adults 60 and over in Muskegon and Ottawa Counties. Meals will be available for curbside pickup at various locations. The curbside pickup offers a quick, drive through option to keep seniors and volunteers safely separated during the COVID-19 outbreak. Seniors that cannot drive or get out of the house can send someone to “proxy” for their meal.
