Dear Ms. Drury:

The Michigan Department of Transportation has received and reviewed your Title VI Plan. The plans are required by Title VI of the Civil Rights Act of 1964 which prohibits discrimination based on race, color, or national origin in programs and activities receiving Federal financial assistance. Specifically, Title VI provides that "no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance" (42 U.S.C. Section 2000d).

Your program includes the required elements but needs to be approved by your board. Please send me a signed copy of the board minutes or resolution as soon as it is approved.

If you have any questions regarding this review, please contact me at 517-230-5949 or WassomK@michigan.gov.

Sincerely,

E-SIGNED by KEVIN WASSOM
